## DECK LIGHTING

Introducing Two  
**NEW GREEN** Products by  
**Aurora DECK LIGHTING...**

- PHOENIX Recessed L.E.D. Lighting Kit
- ODYSSEY Recessed L.E.D. Lighting Kit

### PHOENIX RECESSED L.E.D. LIGHTING

#### The Numerous Benefits of the PHOENIX Recessed L.E.D. Lighting...

- Uses Less than 5 Watts on a 10 Light System
- LED Bulbs Last up to 25,000 Hours
- Create a Soft Accent on the Deck or Railing
- Illuminate Stairs, Walkways and Docks
- Solid Cast Aluminum Body, Polycarbonate Lens
- Can be Used with or without the Remote Control
- Operate up to 30 Phoenix LED Lights
- Actual Size: 1 1/8" Overall Diameter, 1 1/2" Deep

• Easy to Use Remote Control

#### The PHOENIX Recessed L.E.D. Lighting Kit Includes All that You'll Need for Easy Installation!

- 10 Recessed LED Lights
- DC Transformer Driver
- Remote Control with Dimmer
- 100' Wire and Connectors
- Detailed Installation Instructions

#### The PHOENIX Recessed L.E.D. Lights

are available to expand up to a maximum of 30 Phoenix L.E.D.'s on one transformer!

These additional lighting kits are available in...

- 2 Pack
- 10 Pack

• LED Color Choices: Cool White, Warm White, Cobalt Blue

#### Installers Bit...

This optional accessory bit will drill and countersink your hole in one step. Simplify and speed up the installation process with this optional two-step drill bit.

### ODYSSEY RECESSED L.E.D. LIGHTING

#### Aurora's ODYSSEY LED STRIP LIGHTING KITS

are Extremely Versatile, so Let Light Shine in the Most Difficult of Places!

- Each kit comes complete with four strips of LED lights installation wire, our pigtail connectors, the LED Driver Box with timer, Remote Driver, and remote control
  - Several Lengths to Choose from 18", 24", 36", 48", 72"
- Expansion strips are available and up to 16.4 and 20 feet of strip lights can be powered by a single LED Driver Box

#### ODYSSEY ALUMINUM CHANNEL!

• Mounts to ANY Flat Surface

#### Long Lasting LEDs...

Each tiny light bulb in the chain puts out a beam of light with a 120 degree radius!

#### Down Light Drama...

Use Odyssey lights to create a dramatic curtain of light that shines down from under deck rails, stair rails, steps, soffits, patio covers, gazebos, or the underside of a deck.

#### Odyssey LED Step Riser Housing...

So easy to install, while being conveniently hidden!

**SOLAR!**

## The Ipe Clip

### Extreme™ Hidden Deck Fastener System

Features a Quick & Easy Installation Process, Because Ipe Clip® Automatically Sets a 3/32" Gap Spacing Between the Installed Deck Boards.

**COMPONENTS...**

- 175 Ipe Clip Extreme™ Hidden Deck Fasteners • 190 Stainless Steel T10 Star Drive Screws
- 12 Tapered 3/8" Ipe Plugs • 1 High Speed 1/8" Drill Bit • 1 Screw Gun Driver Bit

**COVERAGE...** • 175 SF Using 5-1/2" Boards with 24" Joist Spacing • 100 SF Using 5-1/2" Boards with 16" Joist Spacing

Use with hardwoods and most composite decking that require a 3/32" gap.

Stainless steel insert increases holding power which makes a nearly unbreakable fastener.

Available Colors:  
Ipe Brown, Shadowline Black

No gap space measuring is needed when you choose **Ipe Clip® Hidden Deck Fastening Systems!**  
Available Colors: Ipe Brown, Shadowline Black

Our Product Solutions Give You the Power to Build!

Stair Stinger

Solutions to meet customers' construction needs with our full product offering of structural connectors, fasteners, fastening systems, anchors, lateral systems, software, and concrete repair, protection and strengthening systems.

## The ULTIMATE Screw Products...

The ULTIMATE in...

- **Corrosion Resistance!**  
Chemically treated materials - exposed to weather, high moisture and other caustic conditions.
- **Coated Screw... Excellent in:**  
• Hardwood • Softwood • Chipboard • Other Tough Materials
- **Composite Deck Screw!**  
ACQ compatible coated... the C-Deck is specially designed to eliminate the mushrooming and blemishes that can occur in composite materials.  
C-Deck composite decks screws are for...  
• Wood • Composite • PVC • Other Plastic Materials

## Tiger Claw® Hidden Deck Fasteners

Unique Patented Design Produces a Smooth "Nail-Free" Surface to Emphasize the Beauty of the Wood!

- Recommended for Use in 5/4" or Thicker Decking

### Tiger Claw's...

Unique Fastener securely attaches decking boards using "claws" to grab the edge of board in such a way that no fasteners are visible.

Tiger Claw's Semi-Automatic Hidden Deck Fastener Installation Gun can cut your already quick installation time in half.

## YORK MANUFACTURING

Here is a copper and stainless flashing product made with non-asphalt adhesive, and featuring a revolutionary polypropylene backing.

This next-generation flashing is specifically designed for pressure-treated decks, and can also be used as a foundation flashing or door and window flashing.

It has superior tear and puncture resistance, along with a high de-lamination threshold.

- Copper Sizes:**
- 6", 8", 10", 12", 16", 20" Widths
  - 20' or 60' Length Rolls

- Stainless Sizes:**
- 6", 8", 10", 12" Widths
  - 20' Length Rolls

It will not stain, unlike Kraft paper-backed flashings.

**Custom Sizing Available!**

## The Ipe Decking Plugs™

IPE Wood Plugs are Straight Sided Wood Plugs That Fit 3/8" Holes in IPE Wood Decks and Other Projects!

IPE Plugs are straight sided easy installation. These are face grain - side grain to repel water.

- 3/8" Diameter • 1° Taper • Approx. 3/8" Long

ALL our 3/8" plugs are made from quality hardwoods!

## The Ipe Hardwood Wrench™

Cam Locks in Place for True Hands Free "One Man" Operation!

- Capable of Bending Multiple Boards Simultaneously
- Adjusts to Various Sized Joist Thicknesses
- High Quality Anodized Aircraft Grade Aluminum with Hardwood Handle
- Works with ALL Decking Materials
- Easily Reversible Handle with NO EXTRA TOOLS NEEDED!

## DECKLOK

**BRACKET SYSTEMS**  
Build In Safety - Lok It In!

The **DECKLOK BRACKET SYSTEM** Provides the Strength Required to Meet or Exceed IRC 2006 Safety Code Requirements for both Lateral Pullout and Rail Post Stability, While Using Your Current Deck Construction Techniques and Designs!

• Available in ACQ Compatible Galvanized Coating or Stainless Steel

The DeckLok patented lateral anchor system strengthens the vulnerable connections between deck and railing components by adding a bolted attachment at critical structural locations.

Advanced Lateral Anchor System creates stronger deck connections by redirecting the force of the load from "pullout" to a connection in "shear" at the deck floor joist.

## FastenMaster LedgerLok

Using a low RPM/high torque drill, the Ledgerlok will drive right through a deck ledger board and then secure to rim joist of house.

- No Pre-Drilling!

**FREE 5/16" Driver Bit in Every Package!**

# BISON DECK SUPPORTS

**BISON™ LEVEL.IT®** Adjustable Deck Supports are the Simple Solution to Your Decking Needs!

Use on rooftops, balconies, over cracked concrete patios, even on-grade! Works with any surface material, from wood tiles, traditional stringer and plank decks, natural stone, composites or concrete.

With **LEVEL.IT®**, if You Can Dream it, You Can do it!

One simple **LEVEL.IT®** model LC covers heights from 2" to 4-3/4". Additional accessories are available to compensate for slope and accommodate heights from 1/8" up to 12". Model LC supports up to 750 lbs.

- Easy Ordering
- Easy Installation

### LEVEL.IT®

*Model LC Does it All!*

Adjust to job variations on the spot - just add or remove a coupler to reach the right elevation (reach up to 12" in height)!

- Model LC covers height ranges from 2" to 4-3/4" adjustable.
- Use Model LO for adjustability from 1/4" to 2" or fixed height pedestals for heights from 1/8" to 1-1/4".

**BISON™ WOOD TILES** are Ideal for Blending the Beauty and Upscale Appearance of Real Wood with Long-Lasting Durability and Low Maintenance.

**BISON™ Wood Tiles** are constructed from select cut Brazilian Woods, which has been harvested in an environmentally responsible method designed to preserve and enhance the economic viability of rain forest hardwoods. Wood species offered include Massaranduba (FSC Certified) and Ipê, which are very hard woods, approximately three times harder than Red Oak.

### BISON™ Ipê Tiles:

- Fire Rating: Class B
- Color: Brown\*
- Janka Hardness Rating: 3,680 lbs.
- WT-IPE-24 Surface: Smooth
- Dimensions: 23-7/8" x 23-7/8" x 1.69"
- Weight: 22.5 lbs.
- Weight PSF: 5.63 lbs

## THE CAMO HIDDEN DECK FASTENING SYSTEM...

Works on any treated lumber, hardwood, cedar, composite or PVC deck board. CAMO Deck Screws and Marksman Tool combine to deliver a fastener-free deck surface at a price that makes getting the job easy and installing the deck even easier.

### IT'S CHANGING THE FACE OF DECKING!

CAMO HIDDEN FASTENERS were independently tested by Architectural Testing Inc. (ATI) and exceeded ASTM Uplift Resistance standards in all solid and grooved wood, composite, and PVC and boards tested. CAMO also exceeded ASTM Thermal Cycling standards in all solid wood, composite, and PVC and boards tested. The patented CAMO system includes proprietary deck screws, Marksman™ tools and CAMO Driver Bits. The uniquely designed screws and a Marksman tool enable a distinctive side-angle entry that secures solid or grooved deck boards directly to a deck joist reducing board movement and allowing the screws to be hidden. No pre-drilling is required, and the screws back out easily in the event a board needs to be replaced.

*Home Improvement Executive's 2011 Innovation Award... Hidden Deck Fastening Systems Category!*

### Available Screw Finishes:

- ProTech Coated
- Stainless Steel

### Screw Length Sizes:

- 1-7/8"
- 2-3/8"

### Packaged Count:

100, 350, 700, 1750

# feeneyarchitectural PRODUCTS®

## feeney means quality...

We only use type 316 marine-grade stainless steel for our cables and fittings. High strength 6000 series aluminum with state-of-the-art powder coating finishes is used for our railings and trellis. Our product review and testing procedures are comprehensive and meticulous; ensuring consistent quality and performance!

## feeney means easy...

We seek to create products that do not require special or expensive installation tools. We develop unique kit products, so that they are straightforward enough for a DIY homeowner to use. Our new line of Quick-Connect® cable fittings, makes it faster and easier to install cable assemblies in the field. We constantly review our product information and installation instructions, to make sure they are as complete and simple to use as possible!

Base Trim

Complete Post, Cap & Base Trim

## CXT PRO RAILING SYSTEM POST LIGHTS & CAPS

**CXT Railing is Co-Extruded From Two Layers of Materials, Making This One Beautiful and Tough Railing System!**

The core is made with Strandex®, the most tested and trusted composite technology, while the outer cap stock layer gives CXT Railing the look of painted wood and CXT ASA Acrylic Cap makes it ultra scratch and weather resistant. The extensive line of DecKorators components can be combined with the CXT Railing line, allowing tremendous flexibility to design deck rails that look exactly the way you like and perform just as beautifully for decades.

### TRADITIONAL VERSACAP LIGHT

Each post cap light includes 3 LED lights, a 6' pigtail wire attached to the light and a cable connector – everything needed for a successful installation!
